

BremHLR

Kompetenzzentrum für Höchstleistungsrechnen Bremen

The Bremen Supercomputing Competence Center BremHLR invites to the

13th Workshop on “Parallel programming with MPI and OpenMP”

Dates: January 22 – 26, 2018

Location: Jacobs University Bremen, Lecture Hall Research I

Workshop Contents: This workshop introduces to parallel programming. The main focus is on the parallel programming models MPI and OpenMP. Exercises will be an essential part of the workshop. The workshop will be held in English.

Lecturers: The workshop is given by Dr. Hinnerk Stüben (University of Hamburg) and Dr. Lars Nерger (BremHLR and Alfred Wegener Institute, Bremerhaven).

Participation: The workshop is open to all interested students or members of the University of Bremen, Jacobs University Bremen, Alfred Wegener Institute for Polar and Marine Research, Hochschule Bremerhaven and associated institutions.

Prerequisites: Solid fundamentals in Unix as well as C or Fortran will be essential!

Registration: Please register by email to bremhrl@uni-bremen.de

Registration deadline: January 5, 2018

Fees: None – the workshop is for free!

Local Organizers:

Lars Nерger (Alfred Wegener Institute & BremHLR)

Thorsten Coordes (ZARM, University of Bremen)

Achim Gelessus (CLAMV, Jacobs University, Bremen)
